## EXPERIENCE

---

**Front End Web Developer** | [pistahouseirving.com](http://pistahouseirving.com)

JUNE 2022 - SEPTEMBER 2022

Pista House Irving | Irving, TX

- Developed a responsive web application using Next.js and TypeScript.
- Created a website for users to view Pista House's dine-in and catering menu, the catering setup layout gallery, and integrated WhatsApp business chat to enable users to order their desired items.

**iOS App Developer** | [mypanchang.app](http://mypanchang.app)

MAY 2021 - PRESENT

Rad Soft, Inc. | Coppell, TX

- Analyzed a real-world problem and developed a responsive iOS Application as a solution using SwiftUI.
- Created a lunar calendar mobile application that requests lunar data from a backend server and displays it on the app and widget for users to view the data quicker.
- Released for free on the AppStore, with over **1000 Downloads** since launch.

**Assistant Manager & Technology Assistant**

MARCH 2021 – AUGUST 2022

Kumon of Coppell West | Coppell, TX

- Managed the center by managing staff, teaching, grading, and assigning student work.
- Assisted with center management system SQL database by adding new students, updating student test scores, and fixing technology issues or upgrades.
- Created flyers and other graphics for center events or closures.

## PROJECTS

---

**HS Connect**

AUGUST 2021 – MAY 2022

High School Senior Capstone Project | Coppell, TX

- Analyzed a real-world problem and developed a responsive web application using React.js and JavaScript with three other members.
- Created a platform for high school students to connect with employers to find a jobs, internships, and volunteering.
- Integrated a resume generator for students, for quick application processing.
- Added support for employers to create their own jobs on the platform to hire student talent.
